National Ultreya in the Works for 2010

Texas here we come! Make plans to attend the first A4D™ National Ultreya in the Dallas Fort Worth area in August of 2010.

Mark your calendar, save your money, and invite your friends to come on down to what could be one of the most exciting weekends of your life.

“Celebration, worship, prayer, reconnecting, networking, and learning are the buzz words to describe what is being planned for this special meeting. The meeting will be open to everyone, so very one is invited,” announced Ken Herbst, National A4D President of Saxonburg, PA.

“During our November Board of Directors meeting we finalized the dates for a national meeting that will bring the Anglican Fourth Day Community together for the first time,” noted Kat Murchison, National VP from Montgomery, AL. Kat continued saying, “We would like all “Fourth Dayers” to arrive

in Bedford, TX the afternoon of Thursday, August 12th and plan to return home after the Sunday mid-morning worship service on August 15th.”

Plenty of time will be provided for people to get to know each other, get connected, rest, pray, worship, celebrate, and attend teaching plenary sessions during the weekend meeting.

“We want our Fourth Day Community to come to Bedford and leave refreshed and empowered by the Holy Spirit. To go back home to help make their program stronger in the original intent and methodology of the Cursillo® movement as found in the context of the historical, orthodox, Anglican Tradition,” stated Christine Miller, Board Intercessor, from Bakersfield, CA.

Additional information about the first National Ultreya is forthcoming.

National Leadership's Desires & Goals

It is the heart and desire of the National 4th Day leadership to restore and to continue in the tradition of keeping the core principals found in the original Cursillo® model.

What started as a “White Paper” presented by the A4D Ad Hoc Committee (chaired by Stu Simpson of Pittsburgh, past President of the TEC National Cursillo® Secretariat) to the Common Cause Bishops in December 2008, with the blessing of Archbishop Duncan of Pittsburgh, is now

published with a few modifications as the official Handbook of the A4D movement in the Anglican Church in North America. Its purpose is to provide guidelines to existing fourth day servant communities and newly forming ones.

The Handbook will be made available to any fourth day movement that would like to use, reference, or embrace its content.

Merry Christmas from the National A4D
